

# School IT ticket support

Project: Auto Ticket Classification using Flow Designer (ServiceNow PDI)

Based on the project scenario [Insert interviews / observations if conducted]

|         |               |                  |                 |                  |
|---------|---------------|------------------|-----------------|------------------|
| Anand G | Hiruthick T.V | Dharani Dharan M | Ashwin Balaji M | Hariharasudhan M |
|---------|---------------|------------------|-----------------|------------------|

Note: this journey describes the intended automated behaviour of the flow. Flow implementation is in progress (Milestone 3); entries are draft observations from the project scenario, not test results.
